UPDATE: we have received the report from our engineering company... the costs are significantly higher than anticipated.

We are submitting the estimates to our business partner, the City of Calgary Recreation. We will meet with them in the near future to consider our options.

We will keep you up-to-date.

SOMETHING NEW FOR MEMBERS

SPECIAL TRIAL: PISTOL CALIBRE CARBINES

Club members have asked if carbines could be allowed to be shot on the range. Thus we will try the following experiment from Sept. 1 – Dec. 31.

**Pistol Calibre Carbines ONLY:
9mm and .45 restricted to Thursday nights.**

Due to noise issues: muzzle brakes are not allowed.

We believe that if our current club shooting rules are followed, we should not experience any greater wear and tear on the range than currently takes place.

.....

QUALIFICATION rules for centre fire CHANGE

Starting immediately the rules to qualify to shoot centre fire will be:

- : 10 shots fired at 25m on the big bedsheet target**
- : all 10 shots must be on the paper ... only 10 shots may be fired.**
- : members may challenge the .22 by using a centre fire pistol**
